To Whom it may concern:

It is my pleasure to recommend Alok Tiwari has worked with us for 1 month as an intern where he has been given responsibilities of Machine Learning research such as web scraping, model training, model testing. He has worked towards communicating and managing other team members. He has managed to provide us with unique solutions and has completed the assignments allotted to him on time with perfection.

Alok Tiwari has been a great addition to the team and we believe he would be an asset for any firm he does join in the future. If we could be of any further assistance, kindly do not hesitate to contact us on the email address listed above.
